

BRIGGS RINGBINDERS BACKED BY A 5-YEAR WARRANTY

"Our ringbinder charts take a lot of abuse, and they hold up really well. When I do need one replaced, I just call Briggs and they say, 'no problem.' Briggs stands behind their products."

Dee Holland

Health Care Capital/Park Manor—Desoto, TX

Patented twin hinge allows ringbinders to easily fold back a full 360°, making charts easier to handle.

Count On Briggs Full 5-Year Warranty

Briggs is so confident in the quality and durability of our ringbinders that they are backed by a FULL 5-Year Warranty that includes the ring hardware. It's simple. No prorated schedules.

No fine print. Return any defective product up until the **END** of the warranty term and **YOU RECEIVE FULL CREDIT.**

Measure the Ring Before You Order

Some charting suppliers advertise a 3" or 4" ringbinder, but what does that mean?

It's the ring size that determines how many records the chart will hold, so measure the actual ring size before you order. Briggs clearly and accurately gives you both the inside ring size and the outside spine width so you know exactly what you're buying.

YOU CAN DEPEND ON IT...ALWAYS.
